Hi.

Sorry for the late reply.

Dr. Kyler is no longer working for us. I have no idea of his whereabouts. To my knowledge, he has made no effort to remain in touch with anyone at BAE Systems.

OSI is incorporated in Delaware, I believe. I don't know any incorporation details, but I have CC'd this to Grady Moore our contracts expert – I am sure he can obtain and provide any additional information.

Regards,

Andrew Wilson

Case 20030081
Title: Process for preparing high purity TNT

Hi Andrew,

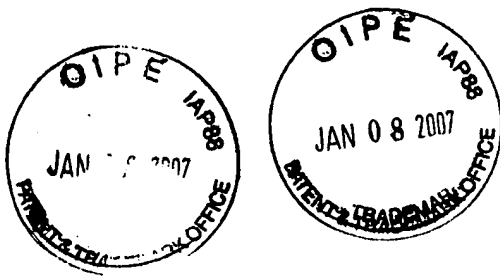

I'm preparing the Assignment and Declaration documents for the above patent application to send to you and your co-inventors for their signatures. I had a note in the file that said that this application should be assigned to BAE Ordnance Systems Inc. Can you tell me if this is still correct? If so, what is the address and state of incorporation?

Also, I did not see Keith Kyler in the Outlook list. Do you know if he's still an employee? If not, do you have a contact address or email for him or do you see him yourself?

Thanks again,

Gloria
